EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Mr. Bedgood on 9/25/07.

The application has been amended as follows:

IN THE CLAIMS

1. Claim 51 has been cancelled.

2. Claim 82 has been cancelled.

3. Claim 118 has been amended as follows:

118. The method of claim 3154, wherein said vector comprises a vector that facilitates integration of the nucleic acid encoding insulin into the genome of said K cells, stem cells, or multipotent progenitor cells.

The following is an examiner's statement of reasons for allowance:

Applicant's amendments overcome all the rejections of record. Specifically, with regard to the enablement, Applicant's claims now require transformed K cells to be formed, and hence, all bases of enablement are overcome. Moreover, no art of record teaches or makes obvious the methods claimed, in light of the enablement rejections of record.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Hence, Claims 31, 34-36, 38, 40, 43, 47, 49, 55, 71-73, 76, 78, 80, 86-88, 114, 115, 118, 119, 121-127, 129-138, and 140-143 are allowed.

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Robert M. Kelly, Art Unit 1633, whose telephone number is (571) 272-0729. The examiner can normally be reached on M-F, 9:00am-5:00pm.
